

BULGARIANS AND SERBS IN CLASH

Border Fighting Occurs When Bulgars Begin Fortifying Frontier Along Serbia—Allies Take Measure to Aid Greece and Serbia.

FRENCH CLAIM FURTHER GAINS DISPUTED BY GERMAN STATEMENTS

1,000,000 Britons Now in France and Belgium and Additional 500,000 Being Dispatched to Aid in Big Push—Turk Battery Sinks Torpedo Boat of Allies—Germany's Attitude Outlined—96,000 Russ Are Captured By Teutons in September.

By Associated Press.
London, October 1.—On the eastern front the Teutonic progress is slower in most sectors and has been checked altogether in others, according to Petrograd.

Reports have been received in Italy that the Bulgarians are entrenching all along the Serbian frontier, protecting the entrenchments with barbed wire entanglements, and that clashes between Bulgarians and Serbians on the border already have occurred.

Vienna hears that the premier of Bulgaria is to visit Berlin in the near future.

Rome gets reports that sentiment in Bulgaria in favor of Russia is interesting, and that King Ferdinand is wavering in his attitude.

Paris, October 1.—The Temps announces that France and Great Britain already have taken military measures to defend Serbia and Greece against Bulgarian aggression.

London, October 1.—The French are bearing the brunt of the fighting now in progress on the western front.

They are hammering at the second German line in Champagne, in the direction of the Grand Pre railway, and at the same time dropping bombs on the line and stations to prevent the Germans from bringing up reinforcements.

The British forces now in France are estimated at a round million men, which will be increased by 500,000.

Daily lengthening of the obituary columns of the London newspapers is beginning to measure the price by the British for their recent offensive.

Bulgaria has not replied to the suggestion of Greece that she demobilize.

London, October 1.—General Alexi Kuropatkin has been appointed chief of the Russian Grenadier Corps, according to a Reuters dispatch from Petrograd.

If the report from Petrograd regarding General Kuropatkin is true it means a somewhat remarkable reversal of public opinion in Russia, regarding a military leader who was disgraced because of the failure of Russian arms in the war with Japan.

Paris, October 1.—In the great battle in the artois district, the French have made further progress by means of attacks with hand grenades on German trenches. Announcement to this effect was made today by the War Office.

In Champagne a German counter attack near Maisons de Champagne was checked.

The Germans violently bombarded French trenches near Soupir, north of the Aisne, but made no infantry attack.

Berlin, wireless to Tuckerton, N. J., October 1.—An official communication issued in Constantinople under date of September 27, as received here by the Overseas News Agency, says:

"Turkish coast batteries sank a torpedo boat of the enemy near Kerevedire."

London, October 1.—(Bulletin)—Foreign Secretary Grey announced this afternoon that German and Austrian officers were arriving in Bulgaria to direct the Bulgarian army.

The secretary said this was a fact which the allies regard with "the utmost gravity."

Berlin, wireless to Tuckerton, N. J., October 1.—The British have ceased their attacks and the Germans have made further progress north of Loos, the War Office announced today.

All French attacks east of Souchez, north of Neuville and in Champagne failed.

London, October 1.—France has sent a military mission to the field headquarters of Emperor Nicholas of Russia.

General d'Amade, who formerly commanded the French forces at the Dardanelles, heads the mission which possibly is to counsel with the Russians in forming plans for military operations.

Berlin, wireless to Sayville, L. I., October 1.—Germany's attitude toward Holland, Belgium and Poland was outlined by Dr. Alfred Zimmerman under secretary of foreign affairs, in an announcement given out today by the Overseas News Agency.

Dr. Zimmerman insisted Holland had nothing to fear from Germany. He said Germany would not violate the neutrality of Holland or interfere with her political or economical independence.

As to Belgium, he stated that its future was still unknown, but a solution of this difficult problem must be found which will render it certain that Belgium will not be utilized for the purpose of England.

Germany has always desired peace, he said, and now wishes a guarantee that there will not be in the future another war such as the present one.

Berlin, October 1.—The German War Office announced today that during September there were captured on the Russian front about 96,000 men, 37 cannon and 288 machine guns.

STEER WILL GIVE NO MORE TROUBLE

The infuriated steer, which caused so much excitement east of this city Thursday, has been purchased by a local dealer and will give no

more trouble by its wild dashes on the public highway.

The animal was driven into a pen on the Hess road in Marion township, where it became quieted down and was driven back to this city.

GENERAL ALDERSON

Commander of Territorial Troops, the Militia of England.

SHAKE UP IN NAVAL CIRCLES

By Associated Press.
Washington, October 1.—Dismissal of six midshipmen, suspension of four others for one year without pay and the demotion to the next lowest class of fifteen others was announced by Secretary Daniels today, as the result of the recent hazing investigation at Annapolis Naval Academy.

WILL ASK RECALL OF VON PAPEN

By Associated Press.
Washington, October 1.—Unless Captain von Papen, the German military attaché, is voluntarily withdrawn by his government, indications today were that within a short time the United States would request his recall.

All papers carried by James F. J. Archibald, the American correspondent involved in the case of Dr. Dumba, have now been placed before State Department officials, and while final decision will await the return of Secretary Lansing it became known today that the documents disclose a transgression of diplomatic proprieties on von Papen's part, such as have caused the recall of the Austrian ambassador.

BIG BANKERS ARE INDICTED

By Associated Press.
Washington, October 1.—Charles C. Glover, president of the Riggs National Bank, William J. Flather, vice president, and H. H. Flather, cashier, were indicted today for perjury in connection with the bank's recent suit against Secretary McAdoo and Comptroller Williams.

CANADIANS IN BIG DRIVE

By Associated Press.
Ottawa, Ontario, October 1.—The Military Department was advised today that the Second Canadian division has been in the trenches since last Saturday and has had its baptism of fire.

It was stated, however, that the casualties in the first engagement were not heavy.

OUCH!

(By Associated Press)
Columbus, October 1.—In order to practice what they preach, officials of the state board of health today demanded that all members of the staff be vaccinated for typhoid fever and smallpox, if they have not been already treated thus. It was said a large number of inspectors and investigators of the department would be affected by the order.

LOCALS TO PLAY NORTH HIGH TEAM

The local foot ball team leaves on the five o'clock train, Saturday morning, for Columbus, where they will meet the strong North High team on the North High field at ten o'clock.

Hyer, of Wesleyan, will referee, Lambert of State will umpire.

DEPUTY GAME WARDENS NAMED

By Associated Press.
Columbus, October 1.—J. S. Sackett, of Chillicothe, C. E. Kimmel, Mansfield, and W. H. Downing, of Waverly, were among the deputy game wardens reappointed today. The salary is \$720 a year.

WILL TEST ALL GAS METERS

By Associated Press.
Columbus, October 1.—Indications of early cold weather and heavy use of gas today led officials of the public utilities commission to prepare to examine gas meter testers owned by gas companies over the state. This work will be started within ten days and continued until all such apparatus has been examined and found accurate. Each gas company has an apparatus used to test meters. Heretofore the examination of this testing machinery was done by the state sealer of weights and measures, but the last legislature passed a law transferring the responsibility to the utilities commission. C. V. Critchfield of the commission will have charge of the work.

BUSINESS BOOM IS REFLECTED

By Associated Press.
Washington, October 1.—Improved business conditions in practically all sections of the United States are reflected in reports from federal reserve agents in the twelve districts made public today by the Federal Reserve Board.

WILSON AT VOTING BOOTH

President Shakes Hands With Old Friend in Princeton.

TWO LOUISIANA TOWNS ARE NEARLY DESTROYED

Rigolets and Dunbar Wrecked and Death Toll in Path of Hurricane Is Expected to Reach 70—Millions of Dollars in Property Losses—New Orleans Hard Hit By Storm.

By Associated Press.
Baton Rouge, La., October 1.—The death list resulting from the hurricane which swept New Orleans and vicinity and the Mississippi gulf coast Wednesday, now is expected to reach 65 or 70.

Property damage, from latest estimates, will amount into the millions. The losses, so far as now known, are distributed as follows: New Orleans, 19 dead, 200 injured; property loss more than \$2,000,000.

Mississippi coast, 13 dead, score injured or missing; property loss estimated at \$2,000,000.

Frederic, La., 25 dead, about 20 injured; heavy damage to railroads. Automobiles arriving here from New Orleans early today reported that the work of restoring order was progressing rapidly.

Streets are being cleared of debris and buildings in a dangerous condition are being torn down.

Telegraph and telephone companies are working day and night to restore communication with the outside world.

It was stated no outside aid would be asked for New Orleans.

Nashville, Tenn., October 1.—According to railroad officials here, persons who visited Rigolets and Dunbar, La., a few miles from Mobile,

in a boat yesterday reported that both towns had practically been wiped off the map by the gulf storm.

New Orleans, September 30, 8:30 p. m., by courier to Baton Rouge, La., October 1.—Nineteen known dead, probably 200 injured and damage to buildings, wire circuits, railroads, shipping and other property in New Orleans and vicinity estimated at several million dollars, was the toll exacted by a hurricane which swept over the city Wednesday and was conceded to have been the worst ever experienced in this section.

Of the known dead, ten were white and nine negroes. Among the dead is Captain C. J. Menges, of Cincinnati, manager of the floating stock of the Monongahela Coal Co.

That the storm caused heavy property loss and probably many casualties in southern Louisiana, was the fear expressed here.

Captain Menges and three members of the crew of the tug Corsair were drowned in the Mississippi, when the tug and 200 barges of coal valued at \$1,500,000, sank when the storm was at its height.

It is expected that New Orleans will assume a normal aspect tomorrow.

Eleven small craft sank in the harbor and sixteen ships were damaged.

MAY BOOST SODA PRICES

By Associated Press.
Columbus, October 1.—"Ten cent soda" universally in Ohio may be a result of the state board of health's latest ruling that all glasses, spoons and dishes used at all soda fountains must be sterilized in boiling water or live steam, according to complaints which began to pour into the board's offices today.

Several confectioners and soda fountain proprietors declared they could not continue to sell "sodas," "dopes" and similar frozen dainties at five cents, if they are compelled to install elaborate sterilizing equipment. Fountain managers in small towns made particular complaint.

Board of health officials minimize the significance of these protests. They expressed the opinion that boiling water tanks can be secured at low cost. An alternative which officials admitted might become a general practice is the use of paper soda cups which can be thrown away after being used once.

U. S. WINS BIG SUIT

Philadelphia, October 1.—The United States Court today decided the anti-trust suit against the Motion Picture Patents Company in favor of the government. The Motion Picture Patents Company is a holding concern.

It was charged by the government that it controlled most of the moving picture patents in the United States, and also had a large interest in the American rights in foreign patents.

The decision is considered a sweeping victory for the United States Department of Justice.

OHIO WORKMEN OUT ON STRIKE

By Associated Press.
Cleveland, October 1.—The first interference in the manufacture of war munitions in Cleveland was felt today when 400 employees of the Cleveland Automatic Machine Company struck, after the general manager of the company had refused to reinstate 15 machinists, dismissed for alleged strike agitation.

The concern recently drew the condemnation of Secretary of Commerce Redfield for an advertisement of poisonous gases.

MONFORT NEW G. A. R. HEAD

By Associated Press.
Washington, October 1.—Elias R. Monfort, of Cincinnati, O., was today elected commander-in-chief of the Grand Army of the Republic. Three candidates were nominated.

The contest was between the new commander-in-chief and Frank O. Cole, the New Jersey candidate. Cole withdrew and the election of Captain Monfort was made unanimous.

Body of Missing Man Found.

Delaware, O., Oct. 1.—The body of C. H. Blair, sixty, well known Ohio horseman, who disappeared from his home here Monday night, was found lodged near the dam in the Olentangy river here. Friends said Blair had suffered heavy financial reverses recently and claimed this undoubtedly led to his suicide.

Administration Board In Charge.

Lima, O., Oct. 1.—The state board of administration, consisting of Dr. A. S. Shepard, C. C. Philbrick, P. E. Davey and D. S. Creamer, took over the control of Lima state hospital from the board of trustees. There was no ceremony, the board of administration accepting the hospital after the audit of the books was declared correct.

THE C. R. PARISH COMPANY

ANNOUNCE THEIR

FALL OPENING

SATURDAY, Oct. 2d, 1915

From 2 until 5 o'clock in the afternoon, and from 7 until 9 in the evening. Come to our **HOUSE-WARMING.** We will be pleased to welcome you.

You Will Find a Well-Assorted Stock Of

FURNITURE, RUGS AND STOVES

There will not only be Souvenirs for the ladies, but we will also have a very acceptable gift for every gentleman who visits this store. There will be Music both Afternoon and Evening.

**THERE IS A
FLOCK OF BIRDS
In Our Window**

Each one is carrying a card bearing the name of some man or woman. If the person whose name appears on the card will call at the store and prove their identity they

Will Receive The Bird Free

Birds will be given out any time during business hours, except between the hours of 2 to 5 and 7 to 9. We will be too busy at that time to take care of you. As fast as a bird is claimed there will be a new one put in its place, so keep watching for your name.

EVERYBODY WELCOME

**FREIGHT HIGHER
THAN OTHER MEANS**

A local resident had occasion to send a 20-pound package to Ogden, Utah, a few days ago, so he went to the postoffice and obtained the parcel post rates, thence to an express office and learned what it would cost him to send the package by express.

By mail the package would cost him \$2.01 while by express the rate was \$1.57.

Feeling sure that freight would be still cheaper he obtained the rate and was astounded to learn that by freight the rate would be \$2.94. The freight rate was based upon 100 pounds or less.

He sent the package by express.

B. H. MILLIKAN POST.
No. 92, Department of Ohio G. A. R. will meet in regular session Friday evening, October 1, 1915, at 7:30 o'clock. Comrades, let us observe the time with a large attendance.

Administrator of Fannie B. Parker.

**MODERN FRONT
FOR LOCAL STORE**

Within the next few days the work of tearing out the present front of the Murphy notion store on Court street, will be taken up, and the front will be replaced by one thoroughly up-to-date and much more convenient and attractive than that of the present.

The two supporting columns which now obstruct the entrance will be removed, and a girder reaching from side to side will carry the walls. A vestibuled entrance will be constructed with handsome display windows, backed by mammoth mirrors, on either side, and with tile floor from the door to the sidewalk. On either side almost flush with the line of the sidewalk, bulge glass will add to the beauty of the front.

It is expected that all work will be completed within the next four or five weeks.

**GROUTING SPREAD
ON WEST COURT ST.**

The grouting has been applied to the brick paving on West Court street, from Hinde street to the railroad.

The concrete base on West Court has been entirely completed, and the work of laying the brick will continue as soon as sufficient sand is obtained and the weather conditions permit.

L. G. E.
Victoria Temple No. 37, L. G. E. will have regular meeting and Reds being the losers in contest will give a supper for the Blues, Friday evening, October 1st. All members requested to be present to enjoy a sociable good time.

In the Interest of Fairness

The fact that the Agricultural Commission of the state is asking the emergency board to appropriate a large sum of money to wipe out a deficit created by an excess of expenditures over receipts by the management of the state fair, has aroused a storm of criticism all over the state.

Attention is directed to the fact that as the attendance at the state fair this year far exceeded that of any previous year, the existence of a deficit is just cause to censure the management and the censure heaped upon the commission has been bitter and widespread.

Later, however, the friends of the commission have been rallying to its defense and various allegedly sufficient explanations and excuses for the financial condition, are being urged.

Among those who claim that the present commission is not wholly to blame for the deficit is The Horse Journal, owned and published in this city by Mr. Charles Allen.

In an editorial in the last issue Mr. Allen asserts that all preliminary arrangements for conducting the fair were made by the predecessors of the present commission, who assumed control too late to change the general plan of financing the big exhibition.

His argument that if that financial plan proved to be a failure in its results that the former commission which adopted and put that plan into effect is the one to be censured and not the present commission which assumed control at such a late day that it was only possible to follow the plan laid down, is of weight.

People generally are inclined to hold responsible for conditions those officials under whose tenure of office the conditions become known. It does not require very much consideration to convince one of the error of such a tendency. In fixing responsibility for unpleasant conditions and attaching censure for official remissness people should be certain to find the officials really responsible.

Mr. Allen's suggestions along that line are timely and just to every one concerned. If the old commission made the present deficit unavoidable then it and not the present commission should be censured.

People have grown beyond political trickery and care should be taken that they do not permit themselves to be entrapped by stopping short in the journey of inquiry which leads from effect to cause.

The Contract "Go Betweens"

Thousands of responsible manufacturers and merchants coming from all sections of the country are now making their headquarters in New York City, with the purpose of closing contracts to furnish large quantities of the particular commodity in which they deal, for export abroad.

For every thousand responsible men who are now in New York on that mission, however, there are two thousand other individuals who come from every section of the land who have nothing at all to sell and who are without financial responsibility and wholly lacking in the possession of property, who are more busily at work than the responsible men. These individuals act as go betweens. They take enormous contracts to furnish horses, war material, merchandise, or food stuffs to foreign nations, without having any idea how the contract is to be executed on their part. They then circularize the nation and visit the responsible outsiders in New York City, in an effort to find someone who will take their part of the contract off their hands and furnish the commodities contracted for at a lower figure. The difference between the real contract price and that received by the man who furnishes the articles contracted for represents the compensation of the irresponsible "go-between."

An easy way to make money involving no chance of loss.

While that is true the practice has exerted a very demoralizing influence on the real market and has placed the real dealer at a disadvantage.

The real buyer has grown suspicious of all who claim to be in a position to sell that which the foreign nations are anxious to secure. He has barricaded himself with the result that the real dealer has difficulty in obtaining a conference. The real buyer has become pessimistic and it is with the greatest difficulty that he can be induced to execute a real binding contract. He has dealt with such an army of irresponsibles that he has almost reached the point where he refuses to bind himself in a real contract.

While the operations of the "go-betweens" are perhaps wholly legal, it has served to keep buyer and seller apart, made real contracting more difficult, destroyed confidence and diverted a large percentage of the purchase price from the channels it should follow—direct from producer to consumer.

Poetry For Today

THE WATER THAT HAS PASSED.

Listen to the water mill,
Through the livelong day,
How the clanking of the wheels
Wears the hours away.
Languidly the autumn wind
Stirs the greenwood leaves;
From the fields the reapers sing,
Binding up the sheaves;
And a proverb haunts my mind,
As a spell is cast:
"The mill will never grind
With the water that has passed."

Take the lesson to thyself,
Living heart and true:
Golden years are fleeting by,
Youth is passing, too;
Learn to make the most of life,
Lose no happy day;
Time will never bring thee back
Chances swept away.
Leave no tender word unsaid,
Love while life shall last—
"The mill will never grind
With the water that has passed."

Oh, the wasted hours of life
That have drifted by;
Oh, the good we might have done,
Lost without a sigh;
Love that we might once have saved
By a single word;
Thoughts conceived, but never penned,
Perishing unheard,
Take the proverb to thine heart,
"The mill will never grind
With the water that has passed."
—Author unknown.

LOSE TO FRENCH
DEFEAT BRITISH
SAYS THE KAISER

Berlin, Oct. 1.—The war office statement reveals clearly that the French are still pressing their offensive and that it is at points meeting with unfortunate results for the Germans, although the high tide of the movement is being successfully checked.

The stress of combat still centers in Champagne and in Artois. In the latter district the French managed to make slight gains east of Souchez, but north of Loos, where British troops are the opponents, the German counter-movements are progressing. In Champagne, north of Massiges, Hill 191 had to be evacuated. Elsewhere in this region, however, the attackers were held and even driven back.

NEW LIGHTING CONTRACT IS RESCINDED BY COUNCIL

City Solons, at Special Session Last Night, Wipe Out New Lighting System Preparatory to Repassing Ordinances for System—Old Contract Extended Another 90 Days or Longer—Caucus Is Held By Councilmen.

At a meeting of the city council held Thursday night the action of council in contracting for a new lighting system for the city and new commercial lighting rates, was repealed and the contract for the old lights was continued over until January 1, 1916 or until a new contract is made for lighting the city.

The rescinding ordinance adopted Thursday night completely wipes out the proposed new lighting system, and it is expected that at the next meeting, Monday night of the coming week, legislation looking toward the remaking of the cancelled contract, will be taken up and that eventually the new lighting system, with probably a few changes, will be authorized by council.

The meeting of Thursday night had been called by four members with the stated purpose of rescinding the legislation by which the contract was made. All members were present when the meeting opened at 8:15 p. m., with the exception of Rowe, who was out of the city.

Upon motion of Sheets the ordinance to rescind was placed upon its first reading. It was an emergency measure to become effective at once, and "cancelled, rescinded and set aside" the ordinances authorizing the service director to call for bids

to contract, and that confirming the contract, as well as that fixing the new commercial rates.

The written consent of The Washington Gas & Electric Company had been filed, agreeing to the cancellation or rescinding of the contract.

Under suspension of the rules, moved by M. Tracey the ordinance was read the second and third times, and passed upon motion of Whelpley.

However, before the ordinance was passed, Veall asked Solicitor Gregg if the recent contract was illegal.

Solicitor Gregg replied to the effect that he believed that, insofar as the other contract related to payment by general taxation, it was valid and binding, but he did not believe it would permit of a special assessment being collected as planned.

The next ordinance submitted and passed under suspension was to extend the old contract with The Washington Gas & Electric Company for a period of "90 days or longer, or until a new contract is made." Like the previous ordinance it was adopted by unanimous vote.

Council then voted to adjourn, but before they had arisen from their seats Solicitor Gregg said that a private meeting or caucus had been suggested, and the councilmen withdrew to a rear room where the caucus was held behind locked doors.

It is understood that the injunction suit recently launched by R. C. Hunt automatically comes to an end all causes of the complaints having been wiped out of existence when the city council rescinded the legislation to which objection was raised.

Friday afternoon a committee of councilmen held a meeting with a view to proceedings in connection with the next step toward a new lighting contract.

practicing on the foot ball grounds in this city, when he fell upon a piece of broken bottle and the artery of his right wrist was cut.

With blood spurting from the wound he was given first aid assistance until a physician could dress the wound and stop the flow of blood. It required four stitches to close the gap in his wrist.

FRACTURES RIBS GOES TO HOSPITAL

Mr. Wilbur Collins, widely known retired farmer, sustained fracture of several ribs in a fall, Thursday, and was removed to the Fayette Hospital where he will be given treatment for several days until the injuries are healed.

Mr. Collins has spent many weeks in the hospital, during the past 18 months, having an operation performed at one time and undergoing special treatment thereafter.

IS OPERATED UPON FOR APPENDICITIS

Mr. Marion Wilson, residing south of this city on the Greenfield pike, was taken to the Fayette Hospital late Thursday evening and operated upon for appendicitis.

He withstood the ordeal very well and has every chance for recovery. Mr. Wilson had been ill for several days, and his condition became so alarming on Thursday that immediate operation was deemed necessary.

C. H. & D. MAY LAY HEAVIER STEEL

When the new transfer contemplated by the B. & O. and C. H. & D. in this city is completed and all local track changes in connection with the new Union Station, at an end, the C. H. & D. may lay considerable heavy steel at various points between this city and Musselman, so that heavy B. & O. freights may detour from the main line over the C. H. & D. to this city and on to Midland City, thereby eliminating some difficult grades on the main line.

No official announcement to this effect has yet been made.

ACCIDENT DELAYS HOMER S ONE HEAT

Homer S won the 2:11 pace, purse \$300 at Eaton, Thursday, and would have taken the race in four straight heats had it not been for an accident which prevented Homer S and Col. Allen from maintaining their places while in the third heat.

RESTAURANT IS ROBBED OF NEARLY \$20

The Tom Easton restaurant on Fayette street was robbed of some \$20 Thursday night, after the thief or thieves had gained entrance by forcing a rear window. The money, chiefly in five and ten cent pieces, was removed from a cash register.

Chief Moore was notified early Friday morning and the police net was spread, with the result that about 9:30 o'clock Clarence Taylor, colored, was arrested by Chief Moore as the man stepped from a drug store after having purchased a battery for a flashlight.

Taylor denied his guilt, but a short time later a room which he occupied was searched, and 175 pennies found. These were identified by Easton.

Chief Moore has other evidence which he believes securely fastens part of the crime, at least, upon Taylor.

LIFE SPARED

Washington, Oct. 1.—President Wilson wired Governor Spry of Utah, asking him to delay the execution of Joseph Hillstrom, a Swedish subject and I. W. W. leader, who was sentenced to be shot today for a murder in Salt Lake City. Governor Spry granted the president's request. Under the Utah law, Hillstrom had his choice of being hanged or shot, and chose to be shot. Numerous persons have intervened in his behalf, claiming that he did not get a fair trial.

First Day's Registration.

Cleveland, Oct. 1.—All records for first-day registration in Cleveland were broken when more than 36,000 men registered. Cincinnati and Columbus also report heavy registrations.

PERSONAL PARAGRAPHS

Mr. John M. Jones returned Thursday evening from a business trip to Cleveland.

Miss Edith Worthington goes to Columbus Saturday morning to be the week end guest of Miss Charlotte Martin and to see the N. High-Washington football game.

Mrs. W. W. Westerfield, Mrs. Fuller Hess and Miss Florence Ustick were luncheon guests of Mrs. W. J. Galvin in Jamestown Friday.

Mrs. Ella Courts returned Thursday from visits in Cleveland and Columbus.

Mrs. Charles Barnett and daughter Donna left Friday morning for Bluffton, Ind., called by the death of a nephew, Robert Matson.

Miss Marie Mobley and guest, Mr. Bryant McCorkle of Hope, Ark., spent Friday the guests of friends in Springfield.

Mrs. Sharp Davies joined Prof. Davies at Delaware Friday for the week end and to attend a reception at Monnett Hall.

Mrs. J. M. Lindley of Terre Haute, Ind., is the guest of Mrs. O. J. Mobley.

Mr. Joseph G. Gest, of Columbus, is a business visitor in the city today.

Mrs. Severs, of Austin, has entered the Fayette Hospital for special treatment.

Mrs. Leonard Loudner, who has been visiting her son, Mr. Ande Loudner and family, returned Friday to her home in Wellston.

General Secretary Walter Patton, of the Y. M. C. A., went to Dayton Friday morning, to attend the annual "get together" meeting of all Y. M. C. A. secretaries of Ohio.

Mr. and Mrs. J. A. Melvin and Mrs. George Melvin returned Thursday evening from a delightful motoring trip to Muncie, Ind., where they visited Mrs. J. A. Melvin's sister, Mrs. Will James, and family.

Mr. and Mrs. Will Hettesheimer, Mrs. V. P. Smith and Mrs. P. E. Decatur were visitors in Columbus Thursday.

Mr. and Mrs. James Crawford were visitors in Xenia Thursday to attend the Barnum and Bailey circus.

Mrs. Ray Maynard was called to Greenfield Friday morning by the serious condition of her brother, Mr. Virgil Henry, who is critically ill with typhoid fever.

Mr. and Mrs. C. H. Griggs, Mrs. Michael S. Creamer of Los Angeles, Cal., Miss Edna Fenner, Mr. Jess W. Smith and Dr. L. L. Brock motored to Columbus Thursday to attend the Grand Circuit races.

Kenneth Kerr came over from Jamestown where he is a member of the Senior class of the Jamestown High school, and spending the winter with his sister, Mrs. W. J. Galvin, Friday evening to spend Sunday with his mother, Mrs. Josephine Kerr.

The following young people motored to Wilmington Thursday evening to see the home talent production "Down in Alabama." Misses Edith Buckley, Maureal Flint, Mabel and Gladys Jones, Ruth Culbertson, Florence and Hazel Michael; Chester Steffey, Earl Peterson, Henry Snyder, Virgil Bernard and George Williamson.

In Social Circles

Fifty women were indebted to Mrs. Glenn B. Rogers and Mrs. Frederic A. Schmid for charming entertainment at a Kensington of beautiful appointments, Thursday afternoon.

In harmony with the golden hues of autumn shades of yellow predominated in the artistic decorations, immense brass jardineres of marigolds and greenery particularly effective throughout the rooms of Mrs. Rogers' tasteful home.

A delectable repast was served late in the afternoon.

Mrs. Ralph Penn and Mrs. George Chaney assisted the hostesses in the cordial hospitalities. Mrs. Marion Gibson of Springfield was an out of town guest.

The club women of Washington are preparing for a season of more

than ordinary interest and activity summer jaunts as they linger in the memory of the Daughters.

No formal programs have been scheduled for the 1915-16 season, but for each meeting a subject in harmony with the chapter and timely with the season has been suggested, and will be developed according to the decrees of the hostesses.

The Cecilians, Washington's well known musical club, opens the season on October fifth, with a "President's Day." The club program covers a wonderful field of musical composition, from which are culled gems of genius. It is a club calendar which will require both unusual ability and unusual effort and which promises to lead to the most notable which October ushers in.

The Daughters of the American Revolution, under the Regency of Mrs. Emma A. Brown Morris, will hold the first meeting of the new year on Monday afternoon, October the fourth, at the home of Mrs. Robert Howat. "Vacation Journeys" offers a topic fertile in suggestion for the recalling of various year of the Cecilian work.

Mrs. Margaret M. Stitt is president.

On Tuesday evening, October the twelfth, the Browning Club resumes its study, under the presidency of Mrs. Ethie E. Hennes.

A great deal of time has been devoted by the chairmen of the various departments and their assistants to the outlining of the coming year's work and the year book shows the result of their capable effort in splendid programs outlined for each meeting.

The year is to be spent in "Our Own Country," and America will provide rich material in history, literature, art, household economics, social science and philanthropy. It is a very good year to stay right by America and strictly within its borders and that is what the Browning Club women purpose to do.

The Clonians resumed their miscellaneous programs some weeks ago. Mrs. Frank M. Fullerton was hostess to this week's meeting.

Complimenting Mrs. Robert Schenck of Dayton, who

is always eagerly welcomed back to her former home, Mrs. Arthur Burgett delightfully entertained the young women of the Tuesday Kensington club, with a few additional guests, Thursday afternoon.

Rich tinted dahlias and marigolds were tastefully used in decoration and a delicious collation was served.

DEATHS

RUMER—Juanita M. Rumer, five-weeks-old daughter of Herbert and Hattie Rumer, died Friday at 5:30 a. m. Funeral services will be held from the residence on W. Maple street, Saturday afternoon at four o'clock. Burial in Washington cemetery.

TURNER TURNED DOWN BY COURT

Columbus, Oct. 1.—As the result of a ruling by the state supreme court all arguments, both for and against constitutional proposals, to be voted on in November, will be printed and distributed to voters by the secretary of state.

In an unanimous decision, the court overruled Attorney General Turner's opinion, and authorized writs of mandamus to issue against Secretary of State Hildebrandt, compelling him to print and distribute arguments against the prohibition and stability amendments to the constitution. The decision has not been written.

The merits of the case were determined upon a broad construction of the constitution to the effect that its makers evidently intended that both sides of a proposition should be given equal opportunity to have their arguments presented.

It probably was upon the principle of equal justice to all that the court ignored the contention of the Anti-Saloon league that the argument submitted by the Home Rule association against the prohibition amendment was not filed with the secretary of state within the allotted time period.

The question of right of the governor to appoint committees to prepare arguments against proposals also was subordinated to the question of right of opponents to have their arguments printed, if the proponents were given such right.

Because the legislature has been derelict in providing a method by

which arguments against such initiated constitutional proposals are to be printed and distributed to voters is no reason why opponents of such proposals should not be accredited equal rights with the proponents. This seems to have been the rule of reasoning applied by the supreme tribunal.

That Attorney General Turner may be sustained by the court in his technical construction of the constitution and the laws relative to the cases, but reversed as to the guiding principles of broad construction and justice, is expected by most attorneys.

KANSAS CITY LANDS MEET 1916 G. A. R.

Washington, Oct. 1.—Kansas City was selected as the place for the 1916 encampment of the Grand Army of the Republic. The Grand Army, now meeting here, made the choice almost unanimous.

Only four nominations for commander in chief of the G. A. R. were made. They were: Elias H. Monfort, Cincinnati, and Frank O. Cole, Jersey City, between whom the election is said to rest, and William J. Patterson, Pittsburgh, and Captain Patrick Conry, Topeka. Orland A. Somers, Kokomo, Ind., withdrew from the race because of ill health.

Many veterans attended the laying of the cornerstone of the great memorial to the soldier dead at the Arlington national cemetery today. President Wilson laid the cornerstone and Commander in Chief Palmer delivered the address. The memorial, for which congress appropriated \$750,000, is expected to be completed for dedication Memorial day, 1917.

SEEM ANXIOUS TO LOAN CASH

New York, Oct. 1.—It is estimated that at least \$430,000,000 of the \$480,000,000 which the American underwriting syndicate is to furnish Great Britain and France as a credit to stabilize foreign exchange, is on the books of syndicate members. These subscriptions, it is said, are from New York city, Chicago, Boston, which takes in New England; Philadelphia, Baltimore, Pittsburgh, Minneapolis and St. Paul.

Our Jitney Offer—This and 5c DON'T MISS THIS. Cut out this slip, enclose with five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. SOCIALIST MEETING IS BROKEN UP

Paterson, N. J., Oct. 1. — Leonard Abbott, Carlo Tresca and Thomas Wright were arrested at a meeting in the Socialist headquarters here. A riot followed the arrests and in the pushing and shoving of 3,000 persons to get into the street one man received a fractured skull. He was removed to the hospital. His name was Henry Schepps. Lincoln Steffens and Abbott, who is president of the Free Speech league of New York, were refused permission to speak at a meeting they had planned under the auspices of the league. Chief of Police Binson ordered his men to close up the auditorium. Abbott, Steffens and other attempted to speak in another hall, and when the police interfered, the disturbance followed.

Gift to Oberlin.

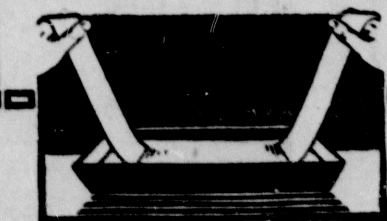

Oberlin, O., Oct. 1. — It was announced that the will of the late Dr. Dudley P. Allen of Cleveland left to Oberlin college \$100,000 in support of the Mrs. A. A. F. Johnson professorship of art. Dr. Allen's widow recently gave \$165,000 for the new art building now being constructed.

FIRST AID CLASS TO BE ORGANIZED

Physical director Beale announces that within the next few days a First Aid class will be organized to be composed of boys over 16 years of age.

It is expected that the enrollment will be completed so that the class can begin work about the 15th of this month.

As the information and instruction obtained will be of great value to all boys who enter the class, a large enrollment is anticipated.

PETE BETTZ IS SHOT AT JACKSON

Pete Bettz, who left this city a short time ago and has since been in Jackson, Ohio, was recently shot and seriously wounded by a colored man with whom he had some trouble at a party in Jackson.

According to the information at hand Bettz was shot through the right lung, and is in a serious condition, although he is expected to recover. The negro was arrested upon a charge of shooting to kill.

WORK ON SEWER IS MOVING SLOWLY

Work on the Leesburg avenue sewer is moving along rather slowly on account of a scarcity of men, and so far less than 700 feet of the 2400 foot sewer has been constructed.

The sewer is being laid 11 feet below the surface in many places, and the work of excavating for the tile is necessarily slow work. The sewer empties into the 20-inch sewer on West Court street.

FISCHER IS FINED

William Fischer of Washington C. H., was fined \$1 and the costs for being drunk and disorderly.—Circleville Herald.

MARRIAGE LICENSES

Fred Cole, horse trainer, and Eva Starks, 18. Colored. Both of this city. Rev. Halthcox.

D. A. R.

The Daughters of the American Revolution will meet with Mrs. May Howat on Monday, October 4th, at 2:30. A full attendance of the Daughters is desired.

23112 SECRETARY.

No thoughtful person uses liquid blue. It's a pinch of blue in a large bottle of water. Ask for Red Cross Ball Blue.

LIQUOR JOBS

Columbus, Oct. 1.—State liquor license commissioners announced the following appointments of county licensees: Mahoning county, Joseph Owens, Republican, to succeed J. P. Huxley, whose term expired; Putnam county, G. W. Fogle, Republican, to succeed R. J. Cummings, resigned.

Mexico City, Oct. 1.—Detectives arrested Alberto Garcia Granados, first minister of the interior under Huerta, as he entered his residence in disguise. He will be tried on a charge of treason. The penalty probably will be execution.

GREENFIELD INVADERS SHELLING THE WOODS TO OPEN "BIG DRIVE"

The general offensive has not yet been launched at Greenfield, but "the enemy" is expecting the advance to open at any time and have determined to surrender and make peace terms with the court as best they can.

Following the filing of affidavits against 38 alleged bootleggers in that town recently, those in the "exposed trenches" have been sleeping with the other eye open, awaiting the "advance" which they feel is sure to come.

Friday morning an attorney from the Attorney General's office arrived in Greenfield and he and Solicitor Coke L. Foster took up the work of completing the preparations for the arrests, and an additional inquiry will be conducted to give some of the former witnesses a chance to clear themselves of possible perjury charges. Monday or Tuesday of the coming week is the date set for the "big drive."

Meanwhile General White continues his bombardment from Fort Republican and some of the bombs dropped among the ranks of the enemy have been red hot.

FIRED AND GIVEN MUCH BETTER JOB

Columbus, Oct. 1.—Dismissed because he is a Democrat from a \$2,000 position as assistant director of claims in the industrial commission, Eugene Carlin of Wooster, O., has gone to work as special counsel for the commission under appointment from Attorney General Turner, a Republican. The salary of the new position is greater than the one from which he was ousted.

Mrs. Fred Short is quite ill at her home on E. Temple street.

TWO CHILDREN HAD CROUP. The two children of J. W. Nix, Cleveland, Ga., had croup. He writes "Both got so choked up they could hardly breathe. I gave them Foley's Honey and Tar and nothing else and it completely cured them." Contains no opiates. Cuts the phlegm; opens air passages. Blackmer & Tanquary. advt

SHIRTS AND COLLARS are the pride of this laundry. If you (personally) would take the time to call at our plant, and see the careful attention each shirt and collar receives, you then would know the reason why the Larrimer Laundry has the confidence of the public. We absolutely guarantee all work; either phone: Citiz. 521; Bell 183w.

There Is No Question but that indigestion and the distressed feeling which always goes with it can be promptly relieved by taking a **Rexall Dyspepsia Tablet** before and after each meal. 25c a box. Blackmer & Tanquary.

H. S. GLEE CLUBS ARE ORGANIZED

The High school Glee Clubs promise to be as big a factor in Washington's music this year as they have been in the past. Both the girls' and the boys' clubs are fully organized and actively engaged in practice under the direction of Miss Elizabeth Sheen, musical supervisor in the schools.

The Girls' Glee Club, composed of 26 members, embodies a number of good voices and the chorus work promises to be strong and of good balance.

Miss Marguerite Wilson is manager; Miss Emily Palmer assistant, and Miss Ruth Reid accompanist.

The Boys' Glee Club has approximately 30 members, the voices of exceptionally strong timber.

Robert Craig holds the position of manager. Miss Edith Worthington is the accompanist.

Two violins have been installed for chapel music and help out greatly. Young Hoppes plays first violin and Mary Ramsey second.

SLIDES CONTINUE

Washington, Oct. 1.—Lieutenant Colonel Harding, acting governor of the Panama canal, reported to the war department that the waterway will probably not be reopened to traffic until Oct. 10, on account of continued movement of the slides in Caillard cut.

DIED OF LOCKJAW

Massillon, O., Oct. 1.—Oscar Richards stepped on a rusty nail a week ago while building a new house, and died of lockjaw.

PACKERS GET BUSY ON CASES

Hold Conferences With State Department Officials.

Washington, Oct. 1.—Representatives of American packing interests, who are claimants before the British prize courts to the extent of about \$15,000,000, came to Washington for the first of a series of conferences with state department officials with regard to their cases. They talked with Chandler Pearson, special counsel of the state department, who has been giving special attention to this question.

The conference did not reach a definite basis, as both the state department and the packers' counsel feel that no progress can be made until the text of the recent decision of the British prize court in the first American cases is at hand. In these cases, involving cargoes of five vessels, the court ordered goods to the value of about \$2,500,000 confiscated on the ground that there was presumptive hostile destination of the goods, which were consigned to Holland and Denmark.

In addition to the cases decided adversely to the packers, there are twenty-nine others with goods to the value of about \$1,245,000 still before the prize court. The packers have taken an appeal from the decision of the court in the five cases and are now understood to be seeking aid with regard to the twenty-nine pending claims.

BROKER SUICIDES

New York, Oct. 1.—Maximilian Schmidt, a young member of the New York cotton exchange and son of Paul Schmidt, a prominent cotton broker of Bremen, Germany, shot and killed himself in Mount Hope cemetery. Mr. Schmidt wrote and mailed a number of letters, but he left no public word regarding the cause of his suicide.

OFFENSIVE OF ALLIES CONTINUES

Paris, Oct. 1.—More ground has been gained by the French and everywhere in Artois and in Champagne the great offensive was continued.

The booty captured in the first rush of the forward movement is growing rapidly, as the work of counting it is completed, so that the seriousness of the German losses is much more clearly understood than was the case immediately after the first onslaught. The number of heavy field pieces taken in Champagne alone now totals 121.

A bombardment of unusual intensity of the newly won positions in Artois has failed completely to dislodge the French troops or even to shake the security of their hold. The latest entrenchments taken in this sector, on the heights between Souchez and Vimy, are being planted with heavy batteries.

In Champagne has occurred the hottest fighting of the day. West of the Tanne heights French troops charged into the second line of German trenches, captured and held the positions, and advanced even farther, but were compelled to return by a flanking fire. North of Mesnil and Massiges additional progress was made, and south of Ripont the first line German positions previously taken have been enlarged.

Dr. Yates' Trousers.

St. Catharine's was the first Cambridge college to produce a don who dared to stagger humanity by wearing trousers. He was Dr. Lowther Yates, "a large, square man from Cumberland," suspected of radical opinions, who was master of "Cat's" during the closing years of the eighteenth century. As Yates, when vice chancellor, walked in procession to the university church, wearing trousers instead of the orthodox knee breeches, somebody shouted from a window:

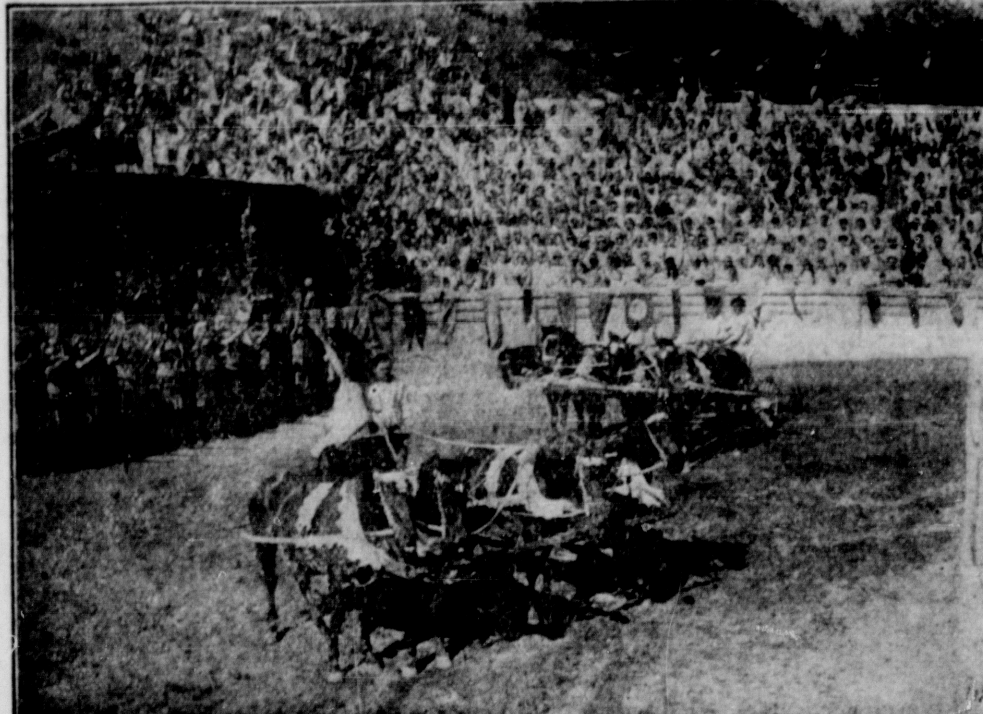

Gadzooks, gadzooks!
Lowther Yates in Pantaloon!

The profane impromptu poet was captured and proved to be Yates' own nephew. "Gadzooks" was a Cumbrian expletive with which Yates was wont to express intense astonishment.—Westminster Gazette.

SAY BOND ISSUE TO BE FAVORED

Washington, Oct. 1.—To meet the requirements of his national defense program, it is said that President Wilson has decided to call upon congress at the forthcoming session to authorize a bond issue.

It has become known here that the president has about made up his mind to recommend that money for additional expenditures for the army and navy be procured through the issuance of bonds instead of by revision of the tariff schedule.

This disclosure leaves no uncertainty as to whether there will be a substantial revision of the tariff this winter. The president will take the position that opportunity has not yet been given for an adequate trial of the new tariff act as an instrumentality for producing revenue. He will oppose any important changes in the present Democratic tariff law until this measure has been fairly tested and the various government bureaus have had ample time to determine the extent of the war upon business conditions.

It is possible that the free trade provision of the sugar schedule will be suspended with the president's consent. Administration leaders assert that a strong sentiment has developed for the retention of the present sugar duties solely for the sake of the revenue they produce.

Members of the ways and means committee and some of the president's advisers are understood to be of the opinion that it would be folly to give up \$60,000,000 of revenue from sugar at a time when the administration itself is to take the responsibility for recommending an issue of bonds as a means of financing a national defense program.

As far as can be learned there is little possibility that any other changes in the tariff act will be sanctioned by the president unless it develops that he deems it advisable to postpone the enactment of legislation to prevent "dumping" foreign goods on American markets after the war. Secretary of Commerce Redfield announced that he will recommend to congress in his forthcoming annual report that unfair competition from abroad shall not be permitted to injure a legitimate American industry any more than it is permitted to do so in our domestic field.

New Appointments.
Columbus, Oct. 1.—The following appointments will be made in the adjutant general's department: James W. Weaver, Columbus, superintendent of statehouse grounds; John Robin-

SATURDAY EVE POST BOYS ORGANIZED

A half dozen boys who have sold the required number of Saturday Evening Post, Country Gentleman and Ladies Home Journal, met at Rodecker's News Stand Thursday night and organized a "P. J. G. club" of the league.

The Curtis Publishing Co. encourages these clubs throughout the country by giving prizes, and when the boys qualify for expert and master salesmen by remaining with the work until they are through school the Curtis Publishing Co. agrees to secure good paying positions for them.

Oliver Miller was chosen president of the club; Harold Rodecker vice president and Richard Staubus, secretary and treasurer.

After receiving the P. J. G. 10 club buttons the boys were entertained by H. R. Rodecker, District Agent at the Wonderland Theater.

Home Merchants have it, no doubt.

BULGARIANS AND SERBS IN CLASH

Border Fighting Occurs When Bulgars Begin Fortifying Frontier Along Serbia—Allies Take Measure to Aid Greece and Serbia.

FRENCH CLAIM FURTHER GAINS DISPUTED BY GERMAN STATEMENTS

1,000,000 Britons Now in France and Belgium and Additional 500,000 Being Dispatched to Aid in Big Push—Turk Battery Sinks Torpedo Boat of Allies—Germany's Attitude Outlined—96,000 Russ Are Captured By Teutons in September.

By Associated Press.
London, October 1.—On the eastern front the Teutonic progress is slower in most sectors and has been checked altogether in others, according to Petrograd.

Reports have been received in Italy that the Bulgarians are entrenching all along the Serbian frontier, protecting the entrenchments with barbed wire entanglements, and that clashes between Bulgarians and Serbians on the border already have occurred.

Vienna hears that the premier of Bulgaria is to visit Berlin in the near future.

Rome gets reports that sentiment in Bulgaria in favor of Russia is interesting, and that King Ferdinand is wavering in his attitude.

Paris, October 1.—The Temps announces that France and Great Britain already have taken military measures to defend Serbia and Greece against Bulgarian aggression.

London, October 1.—The French are bearing the brunt of the fighting now in progress on the western front.

They are hammering at the second German line in Champagne, in the direction of the Grand Pre railway, and at the same time dropping bombs on the line and stations to prevent the Germans from bringing up reinforcements.

The British forces now in France are estimated at a round million men, which will be increased by 500,000.

Daily lengthening of the obituary columns of the London newspapers is beginning to measure the price by the British for their recent offensive.

Bulgaria has not replied to the suggestion of Greece that she demobilize.

London, October 1.—General Alexi Kuropatkin has been appointed chief of the Russian Grenadier Corps, according to a Reuters dispatch from Petrograd.

If the report from Petrograd regarding General Kuropatkin is true it means a somewhat remarkable reversal of public opinion in Russia, regarding a military leader who was disgraced because of the failure of Russian arms in the war with Japan.

Paris, October 1.—In the great battle in the artois district, the French have made further progress by means of attacks with hand grenades on German trenches. Announcement to this effect was made today by the War Office.

In Champagne a German counter attack near Maisons de Champagne was checked.

The Germans violently bombarded French trenches near Soupir, north of the Aisne, but made no infantry attack.

Berlin, wireless to Tuckerton, N. J., October 1.—An official communication issued in Constantinople under date of September 27, as received here by the Overseas News Agency, says:

"Turkish coast batteries sank a torpedo boat of the enemy near Kerevedgire."

London, October 1.—(Bulletin)—Foreign Secretary Grey announced this afternoon that German and Austrian officers were arriving in Bulgaria to direct the Bulgarian army. The secretary said this was a fact which the allies regard with "the utmost gravity."

Berlin, wireless to Tuckerton, N. J., October 1.—The British have ceased their attacks and the Germans have made further progress north of Loos, the War Office announced today.

All French attacks east of Soissons, north of Neuville and in Champagne failed.

London, October 1.—France has sent a military mission to the field headquarters of Emperor Nicholas of Russia.

General d'Amade, who formerly commanded the French forces at the Dardanelles, heads the mission which possibly is to counsel with the Russians in forming plans for military operations.

Berlin, wireless to Sayville, L. I., October 1.—Germany's attitude toward Holland, Belgium and Poland was outlined by Dr. Alfred Zimmerman under secretary of foreign affairs, in an announcement given out today by the Overseas News Agency.

Dr. Zimmerman insisted Holland had nothing to fear from Germany. He said Germany would not violate the neutrality of Holland or interfere with her political or economical independence.

As to Belgium, he stated that its future was still unknown, but a solution of this difficult problem must be found which will render it certain that Belgium will not be utilized for the purpose of England.

Germany has always desired peace, he said, and now wishes a guarantee that there will not be in the future another war such as the present one.

Berlin, October 1.—The German War Office announced today that during September there were captured on the Russian front about 95,000 men, 37 cannon and 298 machine guns.

STEER WILL GIVE NO MORE TROUBLE

The infuriated steer, which caused so much excitement east of this city Thursday, has been purchased by a local dealer and will give no

more trouble by its wild dashes on the public highway.

The animal was driven into a pen on the Hess road in Marion township, where it became quieted down and was driven back to this city.

GENERAL ALDERSON

Commander of Territorial Troops, the Militia of England.

SHAKE UP IN NAVAL CIRCLES

By Associated Press.
Washington, October 1.—Dismissal of six midshipmen, suspension of four others for one year without pay and the demotion to the next lowest class of fifteen others was announced by Secretary Daniels today, as the result of the recent hazing investigation at Annapolis Naval Academy.

WILL ASK RECALL OF VON PAPEN

By Associated Press.
Washington, October 1.—Unless Captain von Papen, the German military attaché, is voluntarily withdrawn by his government, indications today were that within a short time the United States would request his recall.

All papers carried by James F. J. Archibald, the American correspondent involved in the case of Dr. Dumba, have now been placed before State Department officials, and while final decision will await the return of Secretary Lansing it became known today that the documents disclose a transgression of diplomatic proprieties on von Papen's part, such as have caused the recall of the Austrian ambassador.

BIG BANKERS ARE INDICTED

By Associated Press.
Washington, October 1.—Charles C. Glover, president of the Riggs National Bank, William J. Flather, vice president, and H. H. Flather, cashier, were indicted today for perjury in connection with the bank's recent suit against Secretary McAdoo and Comptroller Williams.

CANADIANS IN BIG DRIVE

By Associated Press.
Ottawa, Ontario, October 1.—The Military Department was advised today that the Second Canadian division has been in the trenches since last Saturday and has had its baptism of fire.

It was stated, however, that the casualties in the first engagement were not heavy.

OUCH!

(By Associated Press)
Columbus, October 1.—In order to practice what they preach, officials of the state board of health today demanded that all members of the staff be vaccinated for typhoid fever and smallpox. If they have not been already treated thus. It was said a large number of inspectors and investigators of the department would be affected by the order.

LOCALS TO PLAY NORTH HIGH TEAM

The local foot ball team leaves on the five o'clock train, Saturday morning, for Columbus, where they will meet the strong North High team on the North High field at ten o'clock.

Hyer, of Wesleyan, will referee, Lambert of State will umpire.

DEPUTY GAME WARDENS NAMED

By Associated Press.
Columbus, October 1.—J. S. Sackett, of Chillicothe, C. E. Kimmel, Mansfield, and W. H. Downing, of Waverly, were among the deputy game wardens reappointed today. The salary is \$720 a year.

WILL TEST ALL GAS METERS

By Associated Press.
Columbus, October 1.—Indications of early cold weather and heavy use of gas today led officials of the public utilities commission to prepare to examine gas meter testers owned by gas companies over the state. This work will be started within ten days and continued until all such apparatus has been examined and found accurate. Each gas company has an apparatus used to test meters. Heretofore the examination of this testing machinery was done by the state sealer of weights and measures, but the last legislature passed a law transferring the responsibility to the utilities commission. C. V. Critchfield of the commission will have charge of the work.

BUSINESS BOOM IS REFLECTED

By Associated Press.
Washington, October 1.—Improved business conditions in practically all sections of the United States are reflected in reports from federal reserve agents in the twelve districts made public today by the Federal Reserve Board.

WILSON AT VOTING BOOTH

President Shakes Hands With Old Friend in Princeton.

Photo by American Press Association.

TWO LOUISIANA TOWNS ARE NEARLY DESTROYED

Rigolets and Dunbar Wrecked and Death Toll in Path of Hurricane Is Expected to Reach 70—Millions of Dollars in Property Losses—New Orleans Hard Hit By Storm.

By Associated Press.

Baton Rouge, La., October 1.—The death list resulting from the hurricane which swept New Orleans and vicinity and the Mississippi gulf coast Wednesday, now is expected to reach 65 or 70.

Property damage, from latest estimates, will amount into the millions. The losses, so far as now known, are distributed as follows: New Orleans, 19 dead, 200 injured; property loss more than \$2,000,000.

Mississippi coast, 13 dead, score injured or missing; property loss estimated at \$2,000,000.

Frederic, La., 25 dead, about 20 injured; heavy damage to railroads.

Automobilists arriving here from New Orleans early today reported that the work of restoring order was progressing rapidly.

Streets are being cleared of debris and buildings in a dangerous condition are being torn down.

Telegraph and telephone companies are working day and night to restore communication with the outside world.

It was stated no outside aid would be asked for New Orleans.

Nashville, Tenn., October 1.—According to railroad officials here, persons who visited Rigolets and Dunbar, La., a few miles from Mobile,

in a boat yesterday reported that both towns had practically been wiped off the map by the gulf storm.

New Orleans, September 30, 8:30 p. m., by courier to Baton Rouge, La., October 1.—Nineteen known dead, probably 200 injured and damage to buildings, wire circuits, railroads, shipping and other property in New Orleans and vicinity estimated at several million dollars, was the toll exacted by a hurricane which swept over the city Wednesday and was conceded to have been the worst ever experienced in this section.

Of the known dead, ten were white and nine negroes. Among the dead is Captain C. J. Menges, of Cincinnati, manager of the floating stock of the Monongahela Coal Co.

That the storm caused heavy property loss and probably many casualties in southern Louisiana, was the fear expressed here.

Captain Menges and three members of the crew of the tug Corsair were drowned in the Mississippi, when the tug and 200 barges of coal valued at \$1,500,000, sank when the storm was at its height.

It is expected that New Orleans will assume a normal aspect tomorrow.

Eleven small craft sank in the harbor and sixteen ships were damaged.

MAY BOOST SODA PRICES

By Associated Press.
Columbus, October 1.—"Ten cent soda" universally in Ohio may be a result of the state board of health's latest ruling that all glasses, spoons and dishes used at all soda fountains must be sterilized in boiling water or live steam, according to complaints which began to pour into the board's offices today.

Several confectioners and soda fountain proprietors declared they could not continue to sell "sodas," "dopes" and similar frozen dainties at five cents, if they are compelled to install elaborate sterilizing equipment. Fountain managers in small towns made particular complaint.

Board of health officials minimize the significance of these protests. They expressed the opinion that boiling water tanks can be secured at low cost. An alternative which officials admitted might become a general practice is the use of paper soda cups which can be thrown away after being used once.

U. S. WINS BIG SUIT

Philadelphia, October 1.—The United States Court today decided the anti-trust suit against the Motion Picture Patents Company in favor of the government. The Motion Picture Patents Company is a holding concern.

It was charged by the government that it controlled most of the moving picture patents in the United States, and also had a large interest in the American rights in foreign patents.

The decision is considered a sweeping victory for the United States Department of Justice.

OHIO WORKMEN OUT ON STRIKE

By Associated Press.
Cleveland, October 1.—The first interference in the manufacture of war munitions in Cleveland was felt today when 400 employees of the Cleveland Automatic Machine Company struck, after the general manager of the company had refused to reinstate 15 machinists, dismissed for alleged strike agitation.

The concern recently drew the condemnation of Secretary of Commerce Redfield for an advertisement of poisonous gases.

MONFORT NEW G. A. R. HEAD

By Associated Press.
Washington, October 1.—Elias R. Monfort, of Cincinnati, O., was today elected commander-in-chief of the Grand Army of the Republic. Three candidates were nominated.

The contest was between the new commander-in-chief and Frank O. Cole, the New Jersey candidate. Cole withdrew and the election of Captain Monfort was made unanimous.

Body of Missing Man Found.
Delaware, O., Oct. 1.—The body of C. H. Blair, sixty, well known Ohio horseman, who disappeared from his home here Monday night, was found lodged near the dam in the Olentangy river here. Friends said Blair had suffered heavy financial reverses recently and claimed this undoubtedly led to his suicide.

Administration Board In Charge.
Lima, O., Oct. 1.—The state board of administration, consisting of Dr. A. S. Shepard, C. C. Philbrick, P. E. Davey and D. S. Creamer, took over the control of Lima state hospital from the board of trustees. There was no ceremony, the board of administration accepting the hospital after the audit of the books was declared correct.

THE C. R. PARISH COMPANY

ANNOUNCE THEIR

FALL OPENING

SATURDAY, Oct. 2d, 1915

From 2 until 5 o'clock in the afternoon, and from 7 until 9 in the evening. Come to our **HOUSE-WARMING.** We will be pleased to welcome you.

FREIGHT HIGHER THAN OTHER MEANS

A local resident had occasion to send a 20-pound package to Ogden, Utah, a few days ago, so he went to the postoffice and obtained the parcel post rates, thence to an express office and learned what it would cost him to send the package by express. By mail the package would cost him \$2.01 while by express the rate was \$1.57. Feeling sure that freight would be still cheaper he obtained the rate and was astounded to learn that by freight the rate would be \$2.94. The freight rate was based upon 100 pounds or less. He sent the package by express.

B. H. MILLIKAN POST.

No. 92, Department of Ohio G. A. R. will meet in regular session Friday evening, October 1, 1915, at 7:30 o'clock. Comrades, let us observe the time with a large attendance.

For Sale at Public Auction

At the Court House at 2 o'clock p. m.

Saturday, Oct. 2, 1915

Terms of Sale—One-third cash, balance in one and two years.

A. C. PATTON,
Administrator of Fannie B. Parker.

MODERN FRONT FOR LOCAL STORE

Within the next few days the work of tearing out the present front of the Murphy notion store on Court street, will be taken up, and the front will be replaced by one thoroughly up-to-date and much more convenient and attractive than that of the present.

The two supporting columns which now obstruct the entrance will be removed, and a girder reaching from side to side will carry the walls. A vestibule entrance will be constructed with handsome display windows, backed by mammoth mirrors, on either side, and with tile floor from the door to the sidewalk. On either side almost flush with the line of the sidewalk, bulge glass will add to the beauty of the front. It is expected that all work will be completed within the next four or five weeks.

GROUTING SPREAD ON WEST COURT ST.

The grouting has been applied to the brick paving on West Court street, from Hinde street to the railroad.

The concrete base on West Court has been entirely completed, and the work of laying the brick will continue as soon as sufficient sand is obtained and the weather conditions permit.

L. G. E.

Victoria Temple No. 37, L. G. E. will have regular meeting and Reds being the losers in contest will give a supper for the Blues, Friday evening, October 1st. All members requested to be present to enjoy a sociable good time.

CANADIAN ASKS FORD IF IT'S SO

Montreal, Oct. 1. — Major General Hughes wants to know whether or not Henry Ford, head of the Ford Motor company, was correctly reported when it was asserted that he declared he would withdraw his support from any financial institution which participated in the Anglo-French loan and that he would tie a tin can to the commission if he had his way and send it back to Europe.

WILL PAY FINE

Webb Compton of Ross county, formerly of this county, recently found guilty of failure to provide, has made arrangements to pay his fine.

Liquid blue is a weak solution, avoid it. Buy Red Cross Ball Blue, the blue that's all blue.

TABLE LINEN.

A housewife giving a dinner to a party of friends was asked why her table linens always looked so white, well finished and were so uniformly smooth and even edged. Her reply was that the Larrimer Laundry takes great pride in their service and can always be depended upon. Both phones: Citiz. 521; Bell 188w.

In the Interest of Fairness

The fact that the Agricultural Commission of the state is asking the emergency board to appropriate a large sum of money to wipe out a deficit created by an excess of expenditures over receipts by the management of the state fair, has aroused a storm of criticism all over the state.

Attention is directed to the fact that as the attendance at the state fair this year far exceeded that of any previous year, the existence of a deficit is just cause to censure the management and the censure heaped upon the commission has been bitter and widespread.

Later, however, the friends of the commission have been rallying to its defense and various allegedly sufficient explanations and excuses for the financial condition, are being urged.

Among those who claim that the present commission is not wholly to blame for the deficit is The Horse Journal, owned and published in this city by Mr. Charles Allen.

In an editorial in the last issue Mr. Allen asserts that all preliminary arrangements for conducting the fair were made by the predecessors of the present commission, who assumed control too late to change the general plan of financing the big exhibition.

His argument that if that financial plan proved to be a failure in its results that the former commission which adopted and put that plan into effect is the one to be censured and not the present commission which assumed control at such a late day that it was only possible to follow the plan laid down, is of weight.

People generally are inclined to hold responsible for conditions those officials under whose tenure of office the conditions become known. It does not require very much consideration to convince one of the error of such a tendency. In fixing responsibility for unpleasant conditions and attaching censure for official remissness people should be certain to find the officials really responsible.

Mr. Allen's suggestions along that line are timely and just to every one concerned. If the old commission made the present deficit unavoidable then it and not the present commission should be censured.

People have grown beyond political trickery and care should be taken that they do not permit themselves to be entrapped by stopping short in the journey of inquiry which leads from effect to cause.

The Contract "Go Betweens"

Thousands of responsible manufacturers and merchants coming from all sections of the country are now making their headquarters in New York City, with the purpose of closing contracts to furnish large quantities of the particular commodity in which they deal, for export abroad.

For every thousand responsible men who are now in New York on that mission, however, there are two thousand other individuals who come from every section of the land who have nothing at all to sell and who are without financial responsibility and wholly lacking in the possession of property, who are more busily at work than the responsible men. These individuals act as go betweens. They take enormous contracts to furnish horses, war material, merchandise, or food stuffs to foreign nations, without having any idea how the contract is to be executed on their part. They then circularize the nation and visit the responsible outsiders in New York City, in an effort to find someone who will take their part of the contract off their hands and furnish the commodities contracted for at a lower figure. The difference between the real contract price and that received by the man who furnishes the articles contracted for represents the compensation of the irresponsible "go-between."

An easy way to make money involving no chance of loss. While that is true the practice has exerted a very demoralizing influence on the real market and has placed the real dealer at a disadvantage.

The real buyer has grown suspicious of all who claim to be in a position to sell that which the foreign nations are anxious to secure. He has barricaded himself with the result that the real dealer has difficulty in obtaining a conference. The real buyer has become pessimistic and it is with the greatest difficulty that he can be induced to execute a real binding contract. He has dealt with such an army of irresponsibles that he has almost reached the point where he refuses to bind himself in a real contract.

While the operations of the "go-betweens" are perhaps wholly legal, it has served to keep buyer and seller apart, made real contracting more difficult, destroyed confidence and diverted a large percentage of the purchase price from the channels it should follow—direct from producer to consumer.

Poetry For Today

THE WATER THAT HAS PASSED.

Listen to the water mill,
Through the living day,
How the clanking of the wheels
Wears the hours away.
Languidly the autumn wind
Stirs the greenwood leaves;
From the fields the reapers sing.
Binding up the sheaves;
And a proverb haunts my mind,
As a spell is cast:
"The mill will never grind
With the water that has passed."

Take the lesson to thyself,
Living heart and true:
Golden years are fleeting by.
Youth is passing, too;
Learn to make the most of life,
Lose no happy day;
Time will never bring thee back
Chances swept away,
Leave no tender word unsaid,
Love while life shall last—
"The mill will never grind
With the water that has passed."
Oh, the wasted hours of life
That have drifted by;
Oh, the good we might have done,
Lost without a sigh;
Love that we might once have saved
By a single word;
Thoughts conceived, but never penned,
Perishing unheard,
Take the proverb to thine heart,
"The mill will never grind
With the water that has passed."
—Author unknown.

LOSE TO FRENCH DEFEAT BRITISH SAYS THE KAISER

Berlin, Oct. 1.—The war office statement reveals clearly that the French are still pressing their offensive and that it is at points meeting with unfortunate results for the Germans, although the high tide of the movement is being successfully checked. The stress of combat still centers in Champagne and in Artois. In the latter district the French managed to make slight gains east of Souchez, but north of Loos, where British troops are the opponents, the German counter movements are progressing. In Champagne, north of Massiges, Hill 191 had to be evacuated. Elsewhere in this region, however, the attackers were held and even driven back.

NEW LIGHTING CONTRACT IS RESCINDED BY COUNCIL

City Solons, at Special Session Last Night, Wipe Out New Lighting System Preparatory to Repassing Ordinances for System—Old Contract Extended Another 90 Days or Longer—Caucus Is Held By Councilmen.

At a meeting of the city council held Thursday night the action of council in contracting for a new lighting system for the city and new commercial lighting rates, was repealed and the contract for the old lights was continued over until January 1, 1916 or until a new contract is made for lighting the city.

The rescinding ordinance adopted Thursday night completely wipes out the proposed new lighting system, and it is expected that at the next meeting, Monday night of the coming week, legislation looking toward the remaking of the cancelled contract, will be taken up and that eventually the new lighting system, with probably a few changes, will be authorized by council.

The meeting of Thursday night had been called by four members with the stated purpose of rescinding the legislation by which the contract was made. All members were present when the meeting opened at 8:15 p. m., with the exception of Rowe, who was out of the city.

Upon motion of Sheets the ordinance to rescind was placed upon its first reading. It was an emergency measure to become effective at once, and "cancelled, rescinded and set aside" the ordinances authorizing the service director to call for bids

to contract, and that confirming the contract, as well as that fixing the new commercial rates.

The written consent of The Washington Gas & Electric Company had been filed, agreeing to the cancellation or rescinding of the contract.

Under suspension of the rules, moved by M. Tracey the ordinance was read the second and third times, and passed upon motion of Whelpley.

However, before the ordinance was passed, Veall asked Solicitor Gregg if the recent contract was illegal.

Solicitor Gregg replied to the effect that he believed that, insofar as the other contract related to payment by general taxation, it was valid and binding, but he did not believe it would permit of a special assessment being collected as planned.

The next ordinance submitted and passed under suspension was to extend the old contract with The Washington Gas & Electric Company for a period of "90 days or longer, or until a new contract is made." Like the previous ordinance it was adopted by unanimous vote.

Council then voted to adjourn, but before they had arisen from their seats Solicitor Gregg said that a private meeting or caucus had been suggested, and the councilmen withdrew to a rear room where the caucus was held behind locked doors.

It is understood that the injunction suit recently launched by R. C. Hunt automatically comes to an end all causes of the complaints having been wiped out of existence when the city council rescinded the legislation to which objection was raised.

Friday afternoon a committee of councilmen held a meeting with a view to proceedings in connection with the next step toward a new lighting contract.

practicing on the foot ball grounds in this city, when he fell upon a piece of broken bottle and the artery of his right wrist was cut.

With blood spurting from the wound he was given first aid assistance until a physician could dress the wound and stop the flow of blood. It required four stitches to close the gap in his wrist.

FRACTURES RIBS GOES TO HOSPITAL

Mr. Wilbur Collins, widely known retired farmer, sustained fracture of several ribs in a fall, Thursday, and was removed to the Fayette Hospital where he will be given treatment for several days until the injuries are healed.

Mr. Collins has spent many weeks in the hospital, during the past 18 months, having an operation performed at one time and undergoing special treatment thereafter.

IS OPERATED UPON FOR APPENDICITIS

Mr. Marion Wilson, residing south of this city on the Greenfield pike, was taken to the Fayette Hospital late Thursday evening and operated upon for appendicitis.

He withstood the ordeal very well and has every chance for recovery. Mr. Wilson had been ill for several days, and his condition became so alarming on Thursday that immediate operation was deemed necessary.

RESTAURANT IS ROBBED OF NEARLY \$20

The Tom Easton restaurant on Fayette street was robbed of some \$20 Thursday night, after the thief or thieves had gained entrance by forcing a rear window. The money, chiefly in five and ten cent pieces, was removed from a cash register.

Chief Moore was notified early Friday morning and the police net was spread, with the result that about 9:30 o'clock Clarence Taylor, colored, was arrested by Chief Moore as the man stepped from a drug store after having purchased a battery for a flashlight.

Taylor denied his guilt, but a short time later a room which he occupied was searched, and 175 pennies found. These were identified by Easton.

Chief Moore has other evidence which he believes securely fastens part of the crime, at least, upon Taylor.

LIFE SPARED

Washington, Oct. 1.—President Wilson wired Governor Sory of Utah, asking him to delay the execution of Joseph Hillstrom, a Swedish subject and I. W. W. leader, who was sentenced to be shot today for a murder in Salt Lake City. Governor Sory granted the president's request. Under the Utah law, Hillstrom had his choice of being hanged or shot, and chose to be shot. Numerous persons have intervened in his behalf, claiming that he did not get a fair trial.

First Day's Registration.
Cleveland, Oct. 1.—All records for first-day registration in Cleveland were broken when more than 36,000 men registered. Cincinnati and Columbus also report heavy registrations.

PERSONAL PARAGRAPHS

Mr. John M. Jones returned Thursday evening from a business trip to Cleveland.

Miss Edith Worthington goes to Columbus Saturday morning to be the week end guest of Miss Charlotte Martin and to see the N. High-Washington football game.

Mrs. W. W. Westerfield, Mrs. Fuller Hess and Miss Florence Ustick were luncheon guests of Mrs. W. J. Galvin in Jamestown Friday.

Mrs. Ella Courts returned Thursday from visits in Cleveland and Columbus.

Mrs. Charles Barnett and daughter Donna left Friday morning for Bluffton, Ind., called by the death of a nephew, Robert Matson.

Miss Marie Mobley and guest, Mr. Bryant McCorkle of Hope, Ark., spent Friday the guests of friends in Springfield.

Mrs. Sharp Davies joined Prof. Davies at Delaware Friday for the week end and to attend a reception at Monnett Hall.

Mrs. J. M. Lindley of Terre Haute, Ind., is the guest of Mrs. O. J. Mobley.

Mr. Joseph G. Gest, of Columbus, is a business visitor in the city today.

Mrs. Severs, of Austin, has entered the Fayette Hospital for special treatment.

Mrs. Leonard Loudner, who has been visiting her son, Mr. Ande Loudner and family, returned Friday to her home in Wellston.

General Secretary Walter Patton, of the Y. M. C. A., went to Dayton Friday morning, to attend the annual "get together" meeting of all Y. M. C. A. secretaries of Ohio.

Mr. and Mrs. J. A. Melvin and Mrs. George Melvin returned Thursday evening from a delightful motoring trip to Muncie, Ind., where they visited Mrs. J. A. Melvin's sister, Mrs. Will James, and family.

Mr. and Mrs. Will Hettesheimer, Mrs. V. P. Smith and Mrs. P. E. Decatur were visitors in Columbus Thursday.

Mr. and Mrs. James Crawford were visitors in Xenia Thursday to attend the Barnum and Bailey circus.

Mrs. Ray Maynard was called to Greenfield Friday morning by the serious condition of her brother, Mr. Virgil Henry, who is critically ill with typhoid fever.

Mr. and Mrs. C. H. Griffin, Mrs. Michael S. Creamer of Los Angeles, Cal., Miss Edna Fenner, Mr. Jess W. Smith and Dr. L. L. Brock motored to Columbus Thursday to attend the Grand Circuit races.

Kenneth Kerr came over from Jamestown where he is a member of the Senior class of the Jamestown High school, and spending the winter with his sister, Mrs. W. J. Galvin, Friday evening to spend Sunday with his mother, Mrs. Josephine Kerr.

The following young people motored to Wilmington Thursday evening to see the home talent production "Down in Alabama." Misses Edith Buckley, Maurel Flint, Mabel and Gladys Jones, Ruth Culberson, Florence and Hazel Michael; Chester Steffey, Earl Peterson, Henry Snyder, Virgil Bernard and George Williamson.

In Social Circles

Fifty women were indebted to Mrs. Glenn B. Rogers and Mrs. Frederic A. Schmid for charming entertainment at a Kensington of beautiful appointments, Thursday afternoon.

In harmony with the golden hues of autumn shades of yellow predominated in the artistic decorations, immense brass jardineres of marigolds and greenery particularly effective throughout the rooms of Mrs. Rogers' tasteful home.

A delectable repast was served late in the afternoon.

Mrs. Ralph Penn and Mrs. George Chaney assisted the hostesses in the cordial hospitalities. Mrs. Marion Gibson of Springfield was an out of town guest.

The club women of Washington are preparing for a season of more

than ordinary interest and activity summer jaunts as they linger in the memory of the Daughters.

No formal programs have been scheduled for the 1915-16 season, but for each meeting a subject in harmony with the chapter and timely with the season has been suggested, and will be developed according to the decrees of the hostesses.

The Cecilians, Washington's well known musical club, opens the season on October fifth, with a "President's Day." The club program covers a wonderful field of musical composition, from which are culled gems of genius. It is a club calendar which will require both unusual ability and unusual effort and which promises to lead to the most notable which October ushers in.

The Daughters of the American Revolution, under the Regency of Mrs. Emma A. Brown Morris, will hold the first meeting of the new year on Monday afternoon, October the fourth, at the home of Mrs. Robert Howat. "Vacation Journeys" offers a topic fertile in suggestion for the recalling of various year of the Cecilian work.

Mrs. Margaret M. Stitt is president.

On Tuesday evening, October the twelfth, the Browning Club resumes its study, under the presidency of Mrs. Ethie E. Henness.

A great deal of time has been devoted by the chairmen of the various departments and their assistants to the outlining of the coming year's work and the year book shows the result of their capable effort in splendid programs outlined for each meeting.

The year is to be spent in "Our Own Country," and America will provide rich material in history, literature, art, household economics, social science and philanthropy. It is a very good year to stay right by America and strictly within its borders and that is what the Browning Club women purpose to do.

The Chionians resumed their miscellaneous programs some weeks ago. Mrs. Frank M. Fullerton was hostess to this week's meeting.

Complimenting Mrs. Robert Schenck of Dayton, who

is always eagerly welcomed back to her former home, Mrs. Arthur Burgett delightfully entertained the young women of the Tuesday Kensington club, with a few additional guests, Thursday afternoon.

Rich tinted dahlias and marigolds were tastefully used in decoration and a delicious collation was served.

DEATHS

RUMER—Juanita M. Rumer, five-weeks-old daughter of Herbert and Hattie Rumer, died Friday at 5:30 a. m. Funeral services will be held from the residence on W. Maple street, Saturday afternoon at four o'clock. Burial in Washington cemetery.

TURNER TURNED DOWN BY COURT

Columbus, Oct. 1.—As the result of a ruling by the state supreme court all arguments, both for and against constitutional proposals, to be voted on in November, will be printed and distributed to voters by the secretary of state.

In an unanimous decision, the court overruled Attorney General Turner's opinion, and authorized writs of mandamus to issue against Secretary of State Hildebrandt, compelling him to print and distribute arguments against the prohibition and stability amendments to the constitution. The decision has not been written.

The merits of the case were determined upon a broad construction of the constitution to the effect that its makers evidently intended that both sides of a proposition should be given equal opportunity to have their arguments presented.

It probably was upon the principle of equal justice to all that the court ignored the contention of the Anti-Saloon league that the argument submitted by the Home Rule association against the prohibition amendment was not filed with the secretary of state within the allotted time period.

The question of right of the governor to appoint committees to prepare arguments against proposals also was subordinated to the question of right of opponents to have their arguments printed, if the proponents were given such right.

Because the legislature has been derelict in providing a method by

which arguments against such initiated constitutional proposals are to be printed and distributed to voters is no reason why opponents of such proposals should not be accredited equal rights with the proponents. This seems to have been the rule of reasoning applied by the supreme tribunal.

That Attorney General Turner may be sustained by the court in his technical construction of the constitution and the laws relative to the cases, but reversed as to the guiding principles of broad construction and justice, is expected by most attorneys.

KANSAS CITY LANDS MEET 1916 G. A. R.

Washington, Oct. 1.—Kansas City was selected as the place for the 1916 encampment of the Grand Army of the Republic. The Grand Army, now meeting here, made the choice almost unanimous.

Only four nominations for commander in chief of the G. A. R. were made. They were: Elias H. Monfort, Cincinnati, and Frank O. Cole, Jersey City, between whom the election is said to rest, and William J. Patterson, Pittsburgh, and Captain Patrick Conry, Topeka. Orland A. Somers, Kokomo, Ind., withdrew from the race because of ill health.

Many veterans attended the laying of the cornerstone of the great memorial to the soldier dead at the Arlington national cemetery today. President Wilson laid the cornerstone and Commander in Chief Palmer delivered the address. The memorial, for which congress appropriated \$750,000, is expected to be completed for dedication Memorial day, 1917.

SEEM ANXIOUS TO LOAN CASH

New York, Oct. 1.—It is estimated that at least \$430,000,000 of the \$480,000,000 which the American underwriting syndicate is to furnish Great Britain and France as a credit to stabilize foreign exchange, is on the books of syndicate members. These subscriptions, it is said, are from New York city, Chicago, Boston, which takes in New England; Philadelphia, Baltimore, Pittsburgh, Minneapolis and St. Paul.

SOCIALIST MEETING IS BROKEN UP

Patterson, N. J., Oct. 1. — Leonard Abbott, Carlo Tresca and Thomas Wright were arrested at a meeting in the Socialist headquarters here. A riot followed the arrests and in the pushing and shoving of 3,000 persons to get into the street one man received a fractured skull. He was removed to the hospital. His name was Henry Schepps. Lincoln Steffens and Abbott, who is president of the Free Speech league of New York, were refused permission to speak at a meeting they had planned under the auspices of the league. Chief of Police Binson ordered his men to close up the auditorium. Abbott, Steffens and other attempted to speak in another hall, and when the police interfered, the disturbance followed.

Gift to Oberlin.

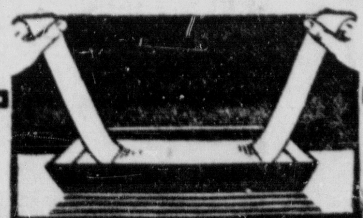

Oberlin, O., Oct. 1. — It was announced that the will of the late Dr. Dudley P. Allen of Cleveland left to Oberlin college \$100,000 in support of the Mrs. A. A. F. Johnson professorship of art. Dr. Allen's widow recently gave \$165,000 for the new art building now being constructed.

FIRST AID CLASS TO BE ORGANIZED

Physical director Beale announces that within the next few days a First Aid class will be organized to be composed of boys over 16 years of age.

It is expected that the enrollment will be completed so that the class can begin work about the 15th of this month.

As the information and instruction obtained will be of great value to all boys who enter the class, a large enrollment is anticipated.

PETE BETTZ IS SHOT AT JACKSON

Pete Bettz, who left this city a short time ago and has since been in Jackson, Ohio, was recently shot and seriously wounded by a colored man with whom he had some trouble at a party in Jackson.

According to the information at hand Bettz was shot through the right lung, and is in a serious condition, although he is expected to recover. The negro was arrested upon a charge of shooting to kill.

WORK ON SEWER IS MOVING SLOWLY

Work on the Leesburg avenue sewer is moving along rather slowly on account of a scarcity of men, and so far less than 700 feet of the 2400 foot sewer has been constructed.

The sewer is being laid 11 feet below the surface in many places, and the work of excavating for the tile is necessarily slow work. The sewer empties into the 20-inch sewer on West Court street.

FISCHER IS FINED

William Fischer of Washington C. H., was fined \$1 and the costs for being drunk and disorderly.—Circleville Herald.

MARRIAGE LICENSES

Fred Cole, horse trainer, and Eva Starks, 18. Colored. Both of this city. Rev. Haltheox.

D. A. R.

The Daughters of the American Revolution will meet with Mrs. May Howat on Monday, October 4th, at 2:30. A full attendance of the Daughters is desired.

SECRETARY.

No thoughtful person uses liquid blue. It's a pinch of blue in a large bottle of water. Ask for Red Cross Ball Blue.

LIQUOR JOBS

Columbus, Oct. 1.—State liquor license commissioners announced the following appointments of county licensees: Mahoning county, Joseph Owens, Republican, to succeed J. P. Huxley, whose term expired; Putnam county, G. W. Fogle, Republican, to succeed R. J. Cummings, resigned.

Mexico City, Oct. 1.—Detectives arrested Alberto Garcia Granados, first minister of the interior under Huerta, as he entered his residence in disguise. He will be tried on a charge of treason. The penalty probably will be execution.

GREENFIELD INVADERS SHELLING THE WOODS TO OPEN "BIG DRIVE"

The general offensive has not yet been launched at Greenfield, but "the enemy" is expecting the advance to open at any time and have determined to surrender and make peace terms with the court as best they can.

Following the filing of affidavits against 38 alleged bootleggers in that town recently, those in the "exposed trenches" have been sleeping with the other eye open, awaiting the "advance" which they feel is sure to come.

Friday morning an attorney from the Attorney General's office arrived in Greenfield and he and Solicitor Coke L. Foster took up the work of completing the preparations for the arrests, and an additional inquiry will be conducted to give some of the former witnesses a chance to clear themselves of possible perjury charges. Monday or Tuesday of the coming week is the date set for the "big drive."

Meanwhile General White continues his bombardment from Fort Republican and some of the bombs dropped among the ranks of the enemy have been red hot.

FIRE AND GIVEN MUCH BETTER JOB

Columbus, Oct. 1.—Dismissed because he is a Democrat from a \$2,000 position as assistant director of claims in the industrial commission, Eugene Carlin of Wooster, O., has gone to work as special counsel for the commission under appointment from Attorney General Turner, a Republican. The salary of the new position is greater than the one from which he was ousted.

Mrs. Fred Short is quite ill at her home on E. Temple street.

TWO CHILDREN HAD CROUP.
The two children of J. W. Nix, Cleveland, Ga., had croup. He writes: "Both got so choked up they could hardly breathe. I gave them Foley's Honey and Tar and nothing else and it completely cured them." Contains no opiates. Cuts the phlegm; opens air passages. Blackmer & Tanquary. advt

SHIRTS AND COLLARS are the pride of this laundry. If you (personally) would take the time to call at our plant, and see the careful attention each shirt and collar receives, you then would know the reason why the Larriemer Laundry has the confidence of the public. H. S. GLEE CLUBS ARE ORGANIZED

The High school Glee Clubs promise to be as big a factor in Washington's music this year as they have been in the past. Both the girls' and the boys' clubs are fully organized and actively engaged in practice under the direction of Miss Elizabeth Sheen, musical supervisor in the schools.

The Girls' Glee Club, composed of 26 members, embodies a number of good voices and the chorus work promises to be strong and of good balance.

Miss Marguerite Wilson is manager; Miss Emily Palmer assistant, and Miss Ruth Reid accompanist.

The Boys' Glee Club has approximately 30 members, the voices of exceptionally strong timber.

Robert Craig holds the position of manager. Miss Edith Worthington is the accompanist.

Two violins have been installed for chapel music and help out greatly. Young Hoppes plays first violin and Mary Ramsey second.

SLIDES CONTINUE

Washington, Oct. 1.—Lieutenant Colonel Harding, acting governor of the Panama canal, reported to the war department that the waterway will probably not be reopened to traffic until Oct. 10, on account of continued movement of the slides in Caillard cut.

PACKERS GET BUSY ON CASES

Hold Conferences With State Department Officials.

Washington, Oct. 1.—Representatives of American packing interests, who are claimants before the British prize courts to the extent of about \$15,000,000, came to Washington for the first of a series of conferences with state department officials with regard to their cases. They talked with Chandler Pearson, special counsel of the state department, who has been giving special attention to this question.

The conference did not reach a definite basis, as both the state department and the packers' counsel feel that no progress can be made until the text of the recent decision of the British prize court in the first American cases is at hand. In these cases, involving cargoes of five vessels, the court ordered goods to the value of about \$2,500,000 confiscated on the ground that there was presumptive hostile destination of the goods, which were consigned to Holland and Denmark.

In addition to the cases decided adversely to the packers, there are twenty-nine others with goods to the value of about \$1,245,000,000 still before the prize court. The packers have taken an appeal from the decision of the court in the five cases and are now understood to be seeking aid with regard to the twenty-nine pending claims.

BROKER SUICIDES

New York, Oct. 1.—Maximilian Schmidt, a young member of the New York cotton exchange and son of Paul Schmidt, a prominent cotton broker of Bremen, Germany, shot and killed himself in Mount Hope cemetery. Mr. Schmidt wrote and mailed a number of letters, but he left no public word regarding the cause of his suicide.

OFFENSIVE OF ALLIES CONTINUES

Paris, Oct. 1.—More ground has been gained by the French, and everywhere in Artois and in Champagne the great offensive was continued.

The booty captured in the first rush of the forward movement is growing rapidly, as the work of counting it is completed, so that the seriousness of the German losses is much more clearly understood than was the case immediately after the first onslaught. The number of heavy field pieces taken in Champagne alone now totals 121.

A bombardment of unusual intensity of the newly won positions in Artois has failed completely to dislodge the French troops or even to shake the security of their hold. The latest entrenchments taken in this sector, on the heights between Souchez and Vinoy, are being planted with heavy batteries.

In Champagne has occurred the hottest fighting of the day. West of the Taure heights French troops charged into the second line of German trenches, captured and held the positions, and advanced even farther, but were compelled to return by a flanking fire. North of Mesnil and Massiges additional progress was made, and south of Ripont the first line German positions previously taken have been enlarged.

Dr. Yates' Trousers.

St. Catharine's was the first Cambridge college to produce a don who dared to stagger humanity by wearing trousers. He was Dr. Lowther Yates, "a large, square man from Cumberland," suspected of radical opinions, who was master of "Cat's" during the closing years of the eighteenth century. As Yates, when vice chancellor, walked in procession to the university church, wearing trousers instead of the orthodox knee breeches, somebody shouted from a window:

Gadzooks, gadzooks, Lowther Yates in Pantaloon!

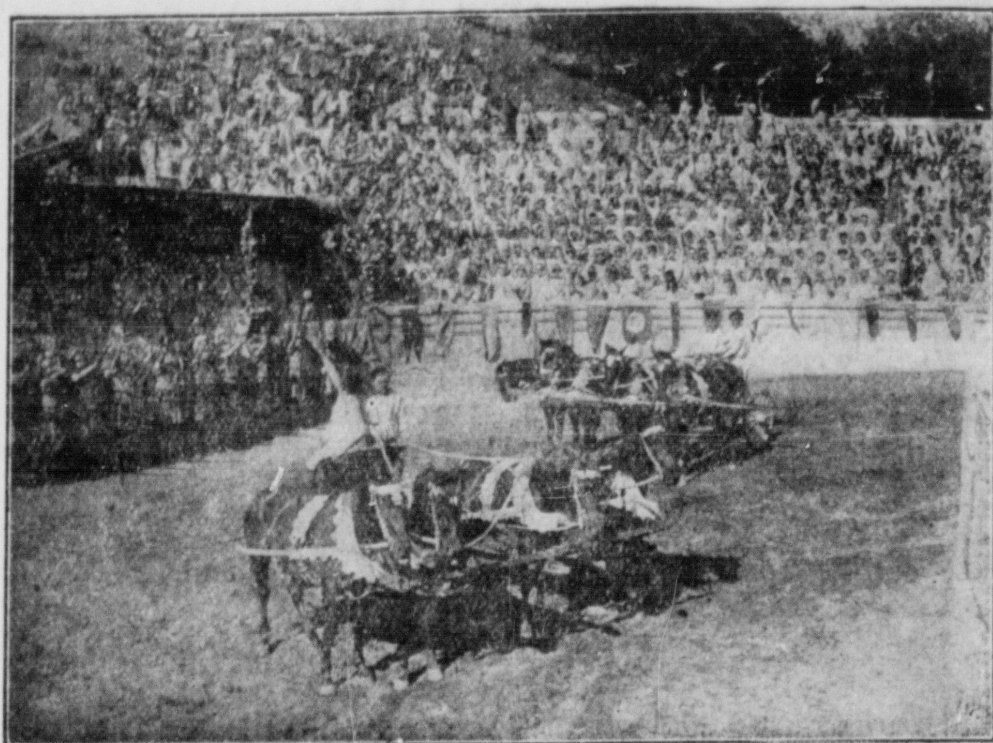

The profane impromptu poet was captured and proved to be Yates' own nephew. "Gadzooks" was a Cumbrian expletive with which Yates was wont to express intense astonishment.—Westminster Gazette.

SAY BOND ISSUE TO BE FAVORED

Washington, Oct. 1.—To meet the requirements of his national defense program, it is said that President Wilson has decided to call upon congress at the forthcoming session to authorize a bond issue.

It has become known here that the president has about made up his mind to recommend that money for additional expenditures for the army and navy be procured through the issuance of bonds instead of by revision of the tariff schedule.

This disclosure leaves no uncertainty as to whether there will be a substantial revision of the tariff this winter. The president will take the position that opportunity has not yet been given for an adequate trial of the new tariff act as an instrumentality for producing revenue. He will oppose any important changes in the present Democratic tariff law until this measure has been fairly tested and the various government bureaus have had ample time to determine the extent of the war upon business conditions.

It is possible that the free trade provision of the sugar schedule will be suspended with the president's consent. Administration leaders assert that a strong sentiment has developed for the retention of the present sugar duties solely for the sake of the revenue they produce.

Members of the ways and means committee and some of the president's advisers are understood to be of the opinion that it would be folly to give up \$60,000,000 of revenue from

sugar at a time when the administration itself is to take the responsibility for recommending an issue of bonds as a means of financing a national defense program.

As far as can be learned there is little possibility that any other changes in the tariff act will be sanctioned by the president unless it develops that he deems it advisable to postpone the enactment of legislation to prevent "dumping" foreign goods on American markets after the war. Secretary of Commerce Redfield announced that he will recommend to congress in his forthcoming annual report that unfair competition from abroad shall not be permitted to injure a legitimate American industry any more than it is permitted to do so in our domestic field.

New Appointments.

Columbus, Oct. 1.—The following appointments will be made in the adjutant general's department: James W. Weaver, Columbus, superintendent of statehouse grounds; John Robin-

son, Wayne county, night watchman; T. J. Collins, Springfield, night watchman; Louis Wells, Columbus, day attendant; David R. Jenkins, Ottawa, day attendant; John W. Laird, Jackson, relic and flagroom attendant; William H. Strickler, Columbus, relic and flagroom attendant; D. C. Curtis, Delaware, visitors' attendant.

SATURDAY EVE POST BOYS ORGANIZATION

A half dozen boys who have secured the required number of Saturday Evening Post, Country Gentleman and Ladies Home Journal, met at Rodecker's News Stand Thursday night and organized a "P. J. G. I. club" of the league.

The Curtis Publishing Co. encourages these clubs throughout the country by giving prizes, and when the boys qualify for expert and master salesmen by remaining with the work until they are through school the Curtis Publishing Co. agrees to secure good paying positions for them.

Oliver Miller was chosen president of the club; Harold Rodecker vice president and Richard Staibus, secretary and treasurer.

After receiving the P. J. G. I. 10 club buttons the boys were entertained by H. R. Rodecker, District Agent at the Wonderland Theater.
